

Mig Reyes is a communication designer from Chicago. He designs for print, web, motion and user interface. Beyond actively seeking collaboration, he thoroughly enjoys chocolate chip cookies.

EXPERIENCE

Freelance Design & Direction — Chicago, IL

Print, Web, Motion & UI Design, January 2005–Present

Design, exploration and collaboration for a wide variety of design studios, agencies and clients alike including Segura Inc., WhittmanHart, Rule29, McGuffin Creative Group, Winntech, Hallmark and more

Rule29 Creative, Inc. — Geneva, IL

Designer, October 2007–May 2008

Joined the studio on contract working on a wealth of identity, print, web, motion and video projects in addition to leveraging my experience with social networking to push Rule29 and its clients to new communication platforms

Thynk Design, Inc. — Westmont, IL

Creative Intern, June 2007–August 2007

Gathered experience in strategic branding through a mix of packaging design, illustration, motion graphics, studio photography, web design and development, all while ensuring the perfect pot of coffee was brewed

Roxor Games, Inc. — Austin, TX

Web & Interface Designer, January 2005–April 2007

Working closely with the development team, in-game interface graphics and websites were created for Roxor's worldwide arcade and console games
